Don't wait until something happens to our children; join us in making our streets safer NOW!
A safer community starts with you on your street...

The Block Parent Program offers help to anyone who feels they need assistance. The red and white Block Parent sign indicates a caring adult is available to help should the need arise.

In addition to the goal of making our community safer, the Block Parent Program may help deter criminals and troublemakers.

Block Parent volunteers are working to educate children and adults about the program and personal safety. We would like to expand the network until there are several Block Parents on every block.

A Block Parent may be called upon when someone is in a dangerous situation such as being:
- Bullied or harassed
- Lost, hurt or ill
- Caught in severe weather
- Frightened or threatened
- Being followed while walking
- Locked out of the house or car

Humboldt Block Parent® Committee
For more information contact
Lori at 682-5814 or Renae at 682-4093

Block Parents assist persons in distress by calling emergency services when necessary.

There is a need for several Block Parent homes on every block to ensure that at least one Block Parent is available at any given time.

By displaying the red and white sign for only a few hours a week will help. Block parents are always needed. Every hour that your sign is up is more security for our children.

Block parents are responsible adults concerned about the well being of other citizens. All potential Block Parents are screened by the local police; Only then will successful applicants be issued their red and white Block Parent sign.

Nigel Krueger cruisin' to victory

Speed Skating has taken on a new higher profile in Saskatchewan as the 2010 Olympics approaches (being held in British Columbia) and following the Olympic Silver medal performance of Regina's Justin Warsylewic in the 2006 Olympics.

Humboldt's own club has produced both North American and Canadian Champions. In fact, the club has had a winning skater at each of the Canadians for the past 10 years. The club's skaters have also enjoyed many successes in local, provincial and interprovincial meets.

The Olympics and a new school program in co-operation with Speed Skate Canada introduced classes of elementary students from St. Dominic School to speed skating in the last two years.

All speed skates rentals and skins (uniforms) are included in the \$190 season fee. Ice times are Tuesday afternoon and Thursday mornings. Competitions (optional) are always on weekends.

Speed skating is both a team (relays) and an individual sport. Skaters can compete indoors and/or outdoors at the local level, the provincial level or beyond; they can also skate recreationally. The individual skater can pick their own competitions to fit their own schedule and budget.

Give us a call, or check out our website at www.humboldtspeedskating.ca, or drop in at the registration evening and check us out. We are open to all ages and skill levels.
